

Brain Injury Resources

Updated June 2020

The Maryland Department of Health (MDH) Behavioral Health Administration (BHA) compiled the following resources for professionals as well as for individuals with brain injuries and their families.

Advocacy Organizations

Brain Injury Association of Maryland

biamd.org, 410-448-2924, toll free within Maryland, 1-800-221-6443

Maryland's BIAA affiliate offers information and referral services for individuals with brain injury, their families and for professionals. BIAM has a library of information and sponsors an annual conference on topics related to the field of brain injury.

National Association of State Head Injury Administrators

nashia.org, 301-656-3500

NASHIA's efforts are aimed at "assisting state government in promoting partnerships and building systems to meet the needs of individuals with brain injury and their families." NASHIA offers information on a variety of brain injury related topics including domestic violence, employment and veterans for free. NASHIA also has many publications; CDs and webcasts on a variety of brain injury related topics are available for purchase.

Brain Injury Association of America

biausa.org, 1-800-444-6443

The Brain Injury Association of America links callers from around the country to local resources.

Brain Injury Resources-General

National Center on Applied Person-Centered Practices and Systems-Brain Injury Learning Collaborative

ncapps.acl.gov/docs/Learning%20Collab%20One%20Pager%20-%20DC%20TBI%20Day%20-%20200302.pdf

The Centers for Disease Control and Prevention, National Center for Injury Prevention and Control

cdc.gov/traumaticbraininjury

The CDC offers information, and educational resources for people living with brain injury, professionals, as well as physicians and those involved with youth sports.

The TBI Model Systems Knowledge Translation Center

msktc.org/tbi

The TBI Model Systems Knowledge Translation Center is the repository of fact sheets on a variety of brain injury related topics as well as information regarding the research findings of the TBI Model Systems Programs around the country.

Ohio Valley Center for Brain Injury Prevention and Rehabilitation

ohiovalley.org

The Ohio Valley Center is one of the TBI Model Systems research centers in the country. John Corrigan and his colleagues conduct research and publish on a variety of topics including TBI and substance abuse, domestic violence and employment. Follow this link to learn about how to screen for a history of brain injury as well as how to support individuals living with a history of brain injury.

Understanding Brain Injury, a guide for families

biaia.org/wp-content/uploads/2018/01/Mayo-Clinics-Understanding-Brain-Injury-A-Guide-for-the-Family.pdf

New York Traumatic Brain Injury Model System, Mount Sinai Medical Center

icahn.mssm.edu/research/programs/new-york-traumatic-brain-injury-model-system

Mount Sinai is one of the TBI Model Systems programs as well as houses the Rehabilitation Research and Training Center on Traumatic Brain Injury Interventions.

Administration for Community Living, Traumatic Brain Injury Program.

acl.gov/programs/post-injury-support/traumatic-brain-injury-tbi

The Federal Traumatic Brain Injury Program is housed at the Administration for Community Living (ACL). This federal agency, coordinates and oversees grants to states funded by Congress with the mandate to expand capacity of state systems to support and promote access to services for people living with a history of brain injury.

Brain Injury Resources – Behavioral Health

Model Systems Knowledge Translation Center

Information on Emotional/Mental Health after Brain Injury:

msktc.org/tbi/factsheets/emotional-problems-after-traumatic-brain-injury

Ohio Valley Center for Brain Injury Prevention and Rehabilitation

Information on Alcohol Use after Brain Injury:

wexnermedical.osu.edu/neurological-institute/departments-and-centers/research-centers/ohio-valley-center-for-brain-injury-prevention-and-rehabilitation/for-patients

Brandis University, the Heller School for Social Policy and Management

Information on Opioid Use after Brain Injury:

heller.brandeis.edu/ibh/research/inroads/publications-products.html

Employment Resources

The Job Accommodation Network

askjan.org/media/brain.htm

Provides useful articles dealing employment after brain injury. Information can be obtained regarding individualized workplace accommodations and strategies that can be used to maximize success on the job. A service of the U.S. Department of Labor's Office of Disability Employment Policy.

Understanding Brain Injury, a Guide for Employers

mayo.edu/pmts/mc1200-mc1299/mc1298.pdf

Published by the Mayo Clinic and intended to provide an overview of brain injury and suggested strategies employers can implement to support those living with brain injury in the workplace.

Returning to Work After Brain Injury, a Strategy Guide for Job Coaches

adainfo.org/sites/default/files/compensatory-strategy-guide.pdf

A publication of the Brain Injury Association of New Jersey, Inc. Good overview for employment specialists working with individuals with a history of brain injury. Provides concrete strategies for cognitive, behavioral and physical issues that may pose barriers to success in the workplace.

Military Resources

BrainLine

brainline.org

Website funded through the Defense and Veterans Brain Injury Center offers civilians, returning service members with brain injury, families and professionals a variety of information and resources regarding life after brain injury.

Head for the Future

dvbic.dcoe.mil/aheadforthefuture

An online resource from the Defense and Veterans Brain Injury Center is an "initiative designed to promote traumatic brain injury awareness, education and prevention."

The Air Force Center for Excellence for Medical Multimedia

tbi.cemmlibrary.org

Offers a number of interactive tools related to brain injury.

Intimate Partner Violence Resources

Maryland Department of Health (MDH) Behavioral Health Administration's (BHA) Intimate Partner Violence and Child Maltreatment Resource Guide

bha.health.maryland.gov/Documents/COVID-19%20IPV-TBI-Child%20Maltreatment%20Resource%20Guide_061120.pdf

Brain Injury Association of Virginia

biav.net/traumatic-brain-injury-domestic-violence

New York Office for the Prevention of Domestic Violence

opdv.ny.gov/professionals/tbi/dvandtbi_infoguide.html

U.S Government Accountability Office (GAO), June 12, 2020 report; Domestic Violence: Improved Data Needed to Identify the Prevalence of Brain Injury Among Victims

gao.gov/products/GAO-20-534#summary

The report reviews the data available on the link between brain injury and resources available such as educational materials developed by the Ohio Domestic Violence Network for domestic violence service providers to support and screen individuals impacted by intimate partner violence.
